No. 1723-W.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

From—S. H. Slater, Esq., I.C.S., Under Secretary to the Government of India,
To—All Chambers of Commerce.

Delhi, the 3rd March 1916.

Sir,—(I am directed to refer to the letter from the Government of India, No. 8977-W., dated the 15th June 1915).*

(I am directed to forward a copy of the correspondence noted in the margin)† and to say that the Government of India have been informed that the Home Government think it desirable to pursue a more rigid policy in regard to restrictions on exports to neutral European countries; and have accordingly decided that when any new prohibition is imposed in respect of such exports, no general reservation will ordinarily be made in favour of existing commitments. The Government of India have hitherto, when imposing such new restrictions, by the postponement of the issue of the statutory notification or otherwise done all that was possible to save existing commitment. His Majesty's Government have drawn attention to the fact that a prohibition is imposed because there is reason to believe that the commodity has been passing into enemy countries, and it is desirable even at the expense of some dislocation of trade to shut off enemy supplies at the earliest possible moment. The period of such postponement will in future have to be reduced to a minimum and it will ordinarily be impossible to respect existing and forward commitments to neutral European countries.

I have the honour to be,

Sir,

Your most obedient Servant,

S. H. SLATER,

Under Secretary to the Government of India.

* To Bombay Chamber only.

† To the rest.

By order, etc.,

S. H. SLATER,

Under Secretary to the Government of India.
